Defendants.)

)

Currently before the Court are two of Defendant Serrano Electric, Inc.’s (“Serrano”) administrative motions to file under seal. *See* ECF Nos. 149, 156. These administrative motions were both filed on the grounds that Serrano’s motions in limine Nos. 3 and 7 relied on documents that Plaintiff Quality Investment Properties Santa Clara, LLC (“Quality”) had designated as “confidential” under the Court’s protective order, ECF No. 47. *See* ECF Nos. 150, 157. On August 18, 2011, Quality informed the Court that it withdrew the confidential designation of the documents submitted in Serrano’s motions in Limine Nos. 3 and 7. ECF No. 237. Accordingly, Serrano’s administrative motions to file under seal are DENIED as MOOT.

IT IS SO ORDERED.
